Kind Attention - Mr.SUNIL V RAO
General Manager

Dear Mr.Rao,

It is pleasure to record this appreciation on the performance of Magna welding all namely M 770, M 777 and M 100 very recently helped us for "Quick Commission" critical die repairs in Stamping Dept. 6

1. A new cast iron die which has cracked at die pad joints area broken into three pieces the same has reclaimed within 2 days by saving our downtime and production losses and back the die into service immediately and till date it is running successfully.

2. Cast iron die has cracked through & through for the whole length has been reclaimed within the scheduled time period which intern saved high loss in production and downtime

We also using M303 and M480 for die cutting edges and HCS die repairs and performance are highly satisfactory.

We are pleased with your regular service provided by Mr.RAMESH.K who has helped us solve critical maintenance problems through use of Magna alloys and also we thank Mr.P.DEVARAJAN and Mr.SRIKRISHNA for their needful services.

We thank you for your attentive services and your fine time saving products.

S. Kandaswamy - Stamping Manager, Ford India Ltd.
